

List of Public Submissions on Chemical Selection for the California Biomonitoring Program Received Via Email and Hard Copy, January 1 – May 23, 2008

The following section provides submitted comments and documents related to chemical selection. The table below details - by date of receipt - the name, organization, and type of submission received by the Program.

Name and Organization	Notes
Dan Chang, UC Davis Superfund Basic Research Program (SBRP) 1/7/2008 Email with multiple attachments	Attachments: Two papers and one research brief based upon the earlier paper, addressing toxic effects of triclocarban and triclosan.
Carl Cranor, UC Riverside 2/28/2008, Email	
Marsha Miliman 3/5/2008, Email	
Tom Krohmer The Toxic Reverend 3/10/2008, Email 3/16/2008, Email 3/20/2008, Email 4/11/08, Email 4/15/08, Email 4/22/08, Email 5/7/08, Email	Notes also sent to SGP Attachments to 3/20/08 email: Mercury amalgams Mercury toxicity Attachment to 4/15/08 email: Article from Radioactive Times (March 2008) on radionuclides in water and breast cancer in Marin County Attachments to 4/22/08 email: Two Bisphenol A scientific publications, one on exposure in humans and one on rat bioassay.
Jay West, Regulatory and Technical Affairs American Chemistry Council 3/21/2008, Email, attached letter	Attached letter addressed to directors of OEHHA, DTSC and CDPH, and Cal/EPA Secretary. Detailed 9-page letter with references
Henry Clark West County Toxics Coalition 4/6/08, Email	

List of Public Submissions on Chemical Selection for the California Biomonitoring Program Received Via Email and Hard Copy, January 1 – May 23, 2008

Name and Organization	Notes
Dave Johnston, El Dorado County Environmental Management 4/17/08, Email (2)	
Sarah Janssen, Natural Resources Defense Council 4/18/08, Email, with two attachments	Attachments: Slide presentation on D5, on 10/16/03. Publication on Siloxanes in the Nordic Environment, Denmark, 2005
Karen Farley California WIC Association 4/23/08, Three page document, hard copy only	Provided at Fresno workshop
Randy Fischback, Public & Gov't. Affairs – CA DOW 4/27/08, Email	
David Carey 4/29/08, Email with attachment Set of hard copy documents	Attachment: Report of sampling for lead in soil in Chatsworth Park South, 2/22/08. Hard copy information was provided by this individual at the public workshop held in Los Angeles on March 24.
Christina Hodgkinson, Genetic Disease Screening Program, CDPH 5/7/08, Email	Mentions in note that she has submitted this comment as an individual, not representing her branch or department.
Maria Herrera Community Water Center, Visalia 5/23/08, Email
